

# International Symposium on Innovative Agriculture and Fishery (ISIAF 2018)

The symposium ISIAF 2018 is to encourage academic exchange and collaboration among the five universities (Pathein University, Shanghai Ocean University, National University of Mongolia, Jilin Agricultural University and Iwate University), and to provide an open forum for the introduction and discussion of the most current status of innovative agriculture and fishery. It will cover broad range of topics in Agro-biosciences, Biological Chemistry and Food Sciences, Environmental Sciences for Sustainability, Animal Sciences, and Fisheries Sciences. As joint international symposium, the 3rd International symposium on Application of High-voltage, Plasma & Micro/Nano Bubble (Fine Bubble) to Agriculture and Aquaculture (3rd ISHPMNB) will be held by Faculty of Science and Engineering, Iwate University on the same schedule.

Hosted by Faculty of Agriculture, Iwate University, and  
The United Graduate School of Agricultural Sciences, Iwate University (UGAS)

## Venue:

Faculty of Agriculture, Iwate University,  
3-18-8, Ueda, Morioka, Iwate 020-8550, Japan

[\(http://www.agr.iwate-u.ac.jp/\)](http://www.agr.iwate-u.ac.jp/)

## Important Date:

1<sup>st</sup> April 2018: Abstract submission closes

## Program

May 9<sup>th</sup> Welcome party at a restaurant in the University

May 10<sup>th</sup> 9:00 Plenary Lecture (Faculty of Sci. and Eng.)

May 10<sup>th</sup> 13:00 Invited lecture/ Lab Tour, poster session

Banquet at a hotel in the city center

May 11<sup>th</sup> Oral presentation

May 12<sup>th</sup> Excursion (tentative)

# **International Symposium on innovative Agriculture and fishery (ISIAF 2018)**

## **Hosted by**

**Faculty of Agriculture, Iwate University , and**

**The United Graduate School of Agricultural Sciences, Iwate University (UGAS)**

## **CONFERENCE SCOPE**

Faculty of Agriculture, Iwate University has long history since it was founded in 1902. Toward a Glocal University, we have promoted international exchange and collaboration with overseas universities, especially seeking new directions for fisheries and agriculture. We have signed international academic agreements with Pathein University, Shanghai Ocean University, National University of Mongolia since 2016. International Symposium between Iwate University and Shanghai Ocean University was successfully held at Shanghai for the commemoration of signing ceremony on May 16-17, 2017. Iwate University and Jilin Agricultural University has taken turn to hold International Symposium in both universities from 2015. The symposium ISIAF 2018 is to encourage academic exchange and collaboration among the five universities (Pathein University, Shanghai Ocean University, National University of Mongolia, Jilin Agricultural University and Iwate University), and to provide an open forum for the introduction and discussion of the most current status of innovative agriculture and fishery. It will cover broad range of topics in fisheries and agriculture sciences. Total 16 to 20 invited speakers will present their latest research findings. Poster session will be open to all, including the Ph.D. students in UGAS, and the M.Sc. and undergraduate students from the five universities. Best three posters will be awarded on scientific merit. This will be an exciting scientific meeting and we welcome you all to join!

As joint international symposium, the 3rd International symposium on Application of High-voltage, Plasma & Micro/Nano Bubble (Fine Bubble) to Agriculture and Aquaculture (3rd ISHPMNB) will be held by Faculty of Science and Engineering, Iwate University on the same time, May 9-12, 2018.
